DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 15 and 16 are rejected under 35 U.S.C. 102(b) as being anticipated by Herbert (US 6,102,592). Herbert teaches a method of preparing a copy-proof article 10 comprising printing first and second colored markings (for example, the address information 11 and the postage indicium 12, 13 respectively as shown in Figures 1-2) on a paper article 10, the first and second markings having a different color appearance (i.e., visible vs. invisible) under copier light and thereby being “metameric”. See, for example, column 2, line 58 through column 3, line 28 and Figures 1-4.

With respect to claim 16, Herbert teaches a copy-proof paper article having first and second colored marking printed thereon, such that the first and second colored markings are metameric and have a different color appearance under copier light.

Allowable Subject Matter

3. Claims 1-8, 10, and 12-14 are allowed.

Response to Arguments

4. Applicant's arguments with respect to claims 15 and 16 have been considered but are moot in view of the new ground(s) of rejection.
5. Applicant's arguments, see the amendment, filed January 24, 2005, with respect to claims 1-8, 10, and 12-14 have been fully considered and are persuasive. The prior art rejection of claims 1-8, 10, and 12-14 has been withdrawn and claims 1-8, 10, and 12-14 are now indicated as being allowable.
